Name of Deceased: \_\_\_\_\_

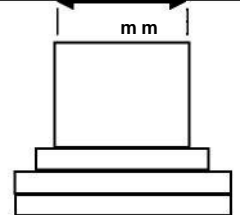

## TYPICAL HEADSTONE ARRANGEMENT (not to scale) Please Enter Dimensions

Plan View

Side Elevation

Front Elevation

1. Slab and/or headstone are not to protrude beyond the edges of the allotment. The allotment size is 2.4m x 1.2m and it is recommended that concrete slabs be no more than 1.1m wide.
2. If there are any concerns or doubts as to the size or location of the plot and positioning of headstone, then Council's Environmental Services Department must be contacted for confirmation.
