

- CONCEPT DESIGN -

Main Street Toilet Facility

Council has purchased the former Mac's Dry Cleaning building to construct a public toilet facility in the main street.

Council believe that it is important to retain the integrity of the Coonambale main street and has developed this concept plan to gain community feedback. Should you wish to make comment on the plan, please contact Council's Administration office on 6827 1900 or email council@coonambleshire.nsw.gov.au
