

At the close of the year the Available Working Capital of Council stood at \$1.012 million as detailed below;

	2013	2012	Change

Less: Internally restricted assets	(10,232)	(9,400)	(832)
Available Working Capital as at 30 June	1,012	2,015	(1,003)

The balance of Available Working Capital should be at a level to manage Council's day to day operations including the financing of hard core debtors, stores and to provide a buffer against unforeseen and unbudgeted expenditures. Taking into consideration the nature and level of the internally restricted assets (Reserves) set aside we are of the opinion that Available Working Capital as at 30 June 2013 was satisfactory.

2.3 Debt

Operating revenue (excluding special purpose grants and contributions) required to service debt (loan repayments) was 0.28%.

Total debt at 30 June 2013 amounted to \$45,000.

2.4 Summary

Council's overall financial position, when taking into account the above financial indicators is, in our opinion, sound.

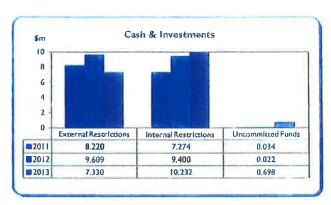

3 CASH ASSETS

3.1 Cash & Investments

Cash and investments held at the close of the year amounted to \$18.26 million as compared with \$19.031 million and \$15.528 million at the close of financial years 2012 and 2011 respectively.

The table alongside summarises the purposes for which cash and investments were held.

Externally restricted cash and investments are restricted in their use by externally imposed requirements and consisted of unexpended grant funding (\$582,000), domestic waste management charges (\$381,000) and water and sewerage funds (\$6.367 million).

Internally restricted cash and investments have been restricted in their use by resolution or policy of Council to reflect forward plans, identified programs of works, and are, in fact, Council's "Reserves". These Reserves totalled \$10.232 million and their purposes are more fully disclosed in Note 6 of the financial statements.

Unrestricted cash and investments amounted to \$698,000.

3.2 Cash Flows

The Statement of Cash Flows illustrates the flow of cash illustrates the flow of cash moving in and out of Council during the year and reveals that cash decreased by \$771,000 to \$18.26 million at the close of the year. In addition to operating activities which contributed net cash of \$7.709 million were the proceeds from the sale of assets (\$483,000). Cash outflows other than operating activities were used to repay loans (\$37,000) and to purchase and construct assets (\$8.926 million).

4. RECEIVABLES

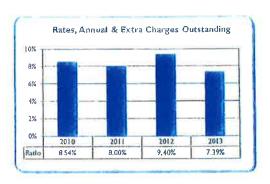

4.1 Rates & Annual Charges (excluding interest & extra charges)

Net rates and annual charges levied during the year totalled \$5.212 million and represented 26.77% of Council's total revenues. Including arrears, the total rates and annual charges collectible was \$5.662 million of which \$5.292 million (93.47%) was collected.

4.2 Rates, Annual & Extra Charges

Arrears of rates, annual & extra charges stood at \$428,000 at the end of the year and represented 7.39% of those receivables.

4.3 Other Receivables

Receivables (other than rates, annual & extra charges) totalled \$1.421 million and mainly consisted of user charges. Those considered to be uncertain of collection have been provided for as doubtful debts and this provision amounted to \$47,000.

5. PAYABLES

5.1 Employees Leave Entitlements

Council's provision for its liability toward employees leave entitlements and associated on costs amounted to \$1.881 million.

A cash reserve of \$755,000 was held at year end representing 40.14% of this liability and was, in our opinion, sufficient to enable Council to meet unbudgeted and unanticipated retirements.

6. BUILDING AND INFRASTRUCTURE RENEWALS

The Building and Infrastructure Renewals ratio measures the rate at which these assets are renewed against the rate at which they are depreciating.

The ratio indicates that asset renewals for 2013 represented 54% of the depreciation charges for these assets. An industry benchmark is considered to be 100%, measured annually over the long term.

7. MANAGEMENT LETTER

A letter was issued to management on 30 April 2013 addressing the findings from our interim audit and included our suggestions on possible ways to strengthen and/or improve procedures.

8. CONCLUSION

We wish to record our appreciation to your General Manager and his staff for their ready co-operation and the courtesies extended to us during the conduct of the audit.

Yours faithfully,

3. Notes to the Special Purpose Financial Statements	9
4. Auditor's Report	18

Background

- (i) These Special Purpose Financial Statements have been prepared for the use by both Council and the Division of Local Government in fulfilling their requirements under National Competition Policy.
- (ii) The principle of competitive neutrality is based on the concept of a "level playing field" between persons/entities competing in a market place, particularly between private and public sector competitors.
 - Essentially, the principle is that government businesses, whether Commonwealth, State or Local, should operate without net competitive advantages over other businesses as a result of their public ownership.
- (III) For Council, the principle of competitive neutrality & public reporting applies only to declared business activities.
 - These include (a) those activities classified by the Australian Bureau of Statistics as business activities being water supply, sewerage services, abattoirs, gas production and reticulation and (b) those activities with a turnover of over \$2 million that Council has formally declared as a Business Activity (defined as Category 1 activities)
- (iv) In preparing these financial statements for Council's self classified Category 1 businesses and ABS defined activities, councils must (a) adopt a corporatisation model and (b) apply full cost attribution including tax equivalent regime payments & debt guarantee fees (where the business benefits from councils borrowing position by comparison with commercial rates).

Special Purpose Financial Statements

for the financial year ended 30 June 2013

Statement by Councillors and Management

made pursuant to the Local Government Code of Accounting Practice and Financial Reporting

The attached Special Purpose Financial Statements have been prepared in accordance with:

- The NSW Government Policy Statement "Application of National Competition Policy to Local Government".
- The Division of Local Government Guidelines "Pricing & Costing for Council Businesses -A Guide to Competitive Neutrality".
- The Local Government Code of Accounting Practice and Financial Reporting.
- The NSW Office of Water (Department of Environment, Climate Change and Water) Guidelines -"Best Practice Management of Water and Sewerage".

To the best of our knowledge and belief, these Financial Statements:

- Present fairly the Operating Result and Financial Position for each of Council's declared Business Activities for the year, and
- Accord with Council's accounting and other records.

We are not aware of any matter that would render these Statements false or misleading in any way.

Signed in accordance with a resolution of Council made on 14 August 2013.

Notes to the Special Purpose Financial Statements for the financial year ended 30 June 2013

Note 1. Significant Accounting Policies

These financial statements are a Special Purpose Financial Statements (SPFS) prepared for use by Council and the Division of Local Government.

For the purposes of these statements, the Council is not a reporting not-for-profit entity.

The figures presented in these special purpose financial statements, unless otherwise stated, have been prepared in accordance with:

- the recognition and measurement criteria of relevant Australian Accounting Standards,
- other authoritative pronouncements of the Australian Accounting Standards Board (AASB) &
- Australian Accounting Interpretations.

The disclosures in these special purpose financial statements have been prepared in accordance with:

- the Local Government Act and Regulation, and
- the Local Government Code of Accounting Practice and Financial Reporting.

The statements are also prepared on an accruals basis, based on historic costs and do not take into account changing money values nor current values of non-current assets (except where specifically stated).

Certain taxes and other costs (appropriately described) have been imputed for the purposes of the National Competition Policy.

National Competition Policy

Council has adopted the principle of 'competitive neutrality' to its business activities as part of the national competition policy which is being applied throughout Australia at all levels of government.

The framework for its application is set out in the June 1996 Government Policy statement on the "Application of National Competition Policy to Local Government".

The "Pricing & Costing for Council Businesses A Guide to Competitive Neutrality" issued by the Division of Local Government in July 1997 has also been adopted.

The pricing & costing guidelines outline the process for identifying and allocating costs to activities and provide a standard of disclosure requirements.

These disclosures are reflected in Council's pricing and/or financial reporting systems and include taxation equivalents; council subsidies; return on investments (rate of return); and dividends paid.

Declared Business Activities

In accordance with *Pricing & Costing for Council Businesses - A Guide to Competitive Neutrality*, Council has declared that the following are to be considered as business activities:

Category 1

(where gross operating turnover is over \$2 million)

Council does not operate any Category 1 business activities.

Category 2

(where gross operating turnover is less than \$2 million)

a. Water Supply Service

Comprising the whole of the water supply operations and net assets servicing Coonamble Shire.

b. Sewerage Service

Comprising the whole of the sewerage reticulation and treatment operations and net assets system servicing Coonamble Shire.

c. Quarry Operations

Extraction and production of road making materials.

Monetary Amounts

Amounts shown in the financial statements are in Australian currency and rounded to the nearest one thousand dollars, with the exception of some figures disclosed in Note 2 (Water Supply Best Practice Management Disclosures) and Note 3 (Sewerage Best Practice Management Disclosures).

As required by the NSW Office of Water (Department of Primary Industries) the amounts shown in Notes 2 and Note 3 are disclosed in whole dollars.

Notes to the Special Purpose Financial Statements for the financial year ended 30 June 2013

Note 1. Significant Accounting Policies

(i) Taxation Equivalent Charges

Council is liable to pay various taxes and financial duties in undertaking its business activities. Where this is the case, they are disclosed in these statements as a cost of operations just like all other costs.

However, where Council is exempt from paying taxes which are generally paid by private sector businesses (such as income tax), equivalent tax payments have been applied to all Council nominated business activities and are reflected in these financial statements.

For the purposes of disclosing comparative information relevant to the private sector equivalent, the following taxation equivalents have been applied to all council nominated business activities (this does not include council's non-business activities):

Notional Rate Applied %

Corporate Income Tax Rate - 30%

<u>Land Tax</u> – The first **\$406,000** of combined land values attracts **0%**. From \$406,001 to \$2,482,000 the rate is **1.6%** + **\$100**. For the remaining combined land value that exceeds \$2,482,000, a premium marginal rate of **2.0%** applies.

Payroll Tax – **5.45**% on the value of taxable salaries and wages in excess of \$689,000.

In accordance with the guidelines for Best Practice Management of Water Supply and Sewerage, a payment for the amount calculated as the annual tax equivalent charges (excluding income tax) must be paid from Water Supply and Sewerage Business activities.

The payment of taxation equivalent charges, referred in the Best Practice Management of Water Supply and Sewerage Guides to as a "Dividend for Taxation equivalent", may be applied for any purpose allowed under the Local Government Act, 1993.

Achievement of substantial compliance against the guidelines for Best Practice Management of Water Supply and Sewerage is not a prerequisite for the payment of the tax equivalent charges, however the payment must not exceed \$3 per assessment.

Income Tax

An income tax equivalent has been applied on the profits of each reported Business Activity.

Whilst income tax is not a specific cost for the purpose of pricing a good or service, it needs to be taken into account of in terms of assessing the rate of return required on capital invested.

Accordingly, the return on capital invested is set at a pre-tax level (gain/(loss) from ordinary activities before capital amounts) as would be applied by a private sector competitor – that is, it should include a provision equivalent to the corporate income tax rate, currently 30%.

Income Tax is only applied where a positive gain/(loss) from ordinary activities before capital amounts has been achieved.

Since this taxation equivalent is notional - that is, it is payable to the "Council" as the owner of business operations, it represents an internal payment and has no effect on the operations of the council. Accordingly, there is no need for disclosure of internal charges in Council's General Purpose Financial Statements.

The rate applied of 30% is the equivalent company tax rate prevalent as at balance date.

Local Government Rates & Charges

A calculation of the equivalent rates and charges payable on all Category 1 businesses has been applied to all land assets owned or exclusively used by the Business Activity.

Loan & Debt Guarantee Fees

The debt guarantee fee is designed to ensure that council business activities face "true" commercial borrowing costs in line with private sector competitors.

In order to calculate a debt guarantee fee, council has determined what the differential borrowing rate would have been between the commercial rate and the council's borrowing rate for its business activities.

Notes to the Special Purpose Financial Statements for the financial year ended 30 June 2013

Note 1. Significant Accounting Policies

(ii) Subsidies

Government policy requires that subsidies provided to customers and the funding of those subsidies must be explicitly disclosed.

Subsidies occur where council provides services on a less than cost recovery basis. This option is exercised on a range of services in order for council to meet its community service obligations.

Accordingly, Subsidies disclosed (in relation to National Competition Policy) represents the difference between revenue generated from 'rate of return' pricing and revenue generated from prices set by the council in any given financial year.

The overall effect of subsidies is contained within the Income Statement of each reported Business Activity.

(iii) Return on Investments (Rate of Return)

The Policy statement requires that councils with Category 1 businesses "would be expected to generate a return on capital funds employed that is comparable to rates of return for private businesses operating in a similar field".

Such funds are subsequently available for meeting commitments or financing future investment strategies.

The Rate of Return on Capital is calculated as follows:

Operating Result before Capital Income + Interest Expense

Written Down Value of I,PP&E as at 30 June

As a minimum, business activities should generate a return equal to the Commonwealth 10 year bond rate which is 3.77% at 30/6/13.

The actual rate of return achieved by each Business Activity is disclosed at the foot of each respective Income Statement.

(iv) Dividends

Council is not required to pay dividends to either itself (as owner of a range of businesses) or to any external entities.

Local Government Water Supply and Sewerage Businesses are permitted to pay an annual dividend from its water supply or sewerage business surplus.

The dividend, calculated and approved in accordance with the Best Practice Management Guidelines, must not exceed either:

- 50% of this surplus in any one year, or
- (ii) the number of water supply or sewerage assessments at 30 June 2013 multiplied by \$30 (less the payment for tax equivalent charges, not exceeding \$3 per assessment).

In accordance with the guidelines for Best Practice Management of Water Supply and Sewerage, a Dividend Payment form, Statement of Compliance, Unqualified Independent Financial Audit Report and Compliance Audit Report are required to be submitted to the NSW Office of Water prior to making the dividend and only after it has approved the payment.

COOMAMBLE SHIRE COUNCIL.

SPECIAL PURPOSE FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying special purpose financial statements of Coonamble Shire Council, which comprises the Statement of Financial Position as at 30 June 2013, Income Statement for the year ended on that date, a summary of significant accounting policies and other explanatory notes and the Statement by Councillors and Management.

Responsibility of Council for the Financial Statements

The Council is responsible for the preparation and fair presentation of the financial statements in accordance with the Local Government Act 1993 and have determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial statements, are appropriate to meet the financial reporting requirements of the Division of Local Government. This responsibility includes the maintenance of adequate accounting records and internal controls designed to prevent and detect fraud and error; designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statements based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Council, as well as evaluating the overall presentation of the financial statements.

Hill Rogers Spencer Steer

Our audit did not involve an analysis of the prudence of business decisions made by Council or management.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we followed applicable independence requirements of Australian professional ethical pronouncements.

Auditor's Opinion

In our opinion, the special purpose financial statements of the Council are presented fairly in accordance with the requirements of those applicable Accounting Standards detailed in Note I and the Local Government Code of Accounting Practice and Financial Reporting.

Basis of Accounting

Without modifying our opinion, we draw attention to Note I to the financial statements, which describes the basis of accounting. The financial statements have been prepared for the purpose of fulfilling the financial reporting requirements of the Division of Local Government. As a result, the financial statements may not be suitable for another purpose.

Trade waste charges (item 8 of Special Schedule 5) include all income from trade waste charges separated into 8a Annual Fees, 8b Usage Charges and 8c Excess Mass Charges and 8d Re-inspection Fees.

Other income (items 10 and 11 of Special Schedules 3 and 5 respectively) include all income not recorded elsewhere.

Other contributions (items 12c and 13c of Special Schedules 3 and 5 respectively) incl. capital contributions for water supply or sewerage services received by Council under Section 565 of the Local Government Act.

Notes:

- (1) Administration and engineering costs for the development of capital works projects should be reported as part of the capital cost of the project and not as part of the recurrent expenditure (ie. in item 16 for water supply and item 17 for sewerage, and **not** in items 1a and 1b).
- (2) To enable accurate reporting of **residential revenue from usage charges**, it is essential for councils to accurately separate their residential (item 6) charges and non-residential (item 7) charges.

COONAMBLE SHIRE COUNCIL

POLICY FOR THE PAYMENT OF EXPENSES & THE PROVISION OF FACILITIES FOR MAYOR & COUNCILLORS

Part 1 - INTRODUCTION

1.1 Title of Policy and Commencement Date:

This policy will be known as the "Policy for the Payment of Expenses and the Provision of Facilities for Mayor and Councillors" and will commence on and from 1 July 2012.

1.2 Purpose of the Policy:

The purpose of the policy is to ensure that there is accountability and transparency in the reimbursement of expenses incurred or to be incurred by councillors. The policy also ensures that the facilities provided to assist councillors to carry out their civic duties are reasonable.

1.3 Objectives and Coverage of the Policy:

This policy is to ensure that elected members are reimbursed for legitimate expenses incurred whilst conducting Council business and applies to the Mayor, Deputy Mayor and all other Councillors.

1.4 Making and Adoption of the Policy:

This draft policy, whilst approved by Council at the June 2012 meeting, is subsequently displayed for a period of 28 days following which Council will consider submissions and formally adopt the policy at the August 2012 meeting.

1.5 Reporting Requirements:

Section 428 of the Local Government Act 1993 requires Council to include in its annual report:

- The council's policy on the provision of facilities for, and the payment of expenses to, the mayor and councillors
- The total amount of money expended during the year on providing those facilities and paying those expenses
- Additional information as required by the Local Government (General) Regulation 2005.

Additionally, Council will report separately on:

- Total cost of expenses and facilities for the Mayor and all Councillors
- Spouse/Partner/Accompanying Person expenses
- Training and Skill Development expenses
- Provision of Facilities expenses.

1.6 Legislative Provisions:

This policy is made under section 252 of the Local Government Act 1993 and in accordance with clause 403 of the Local Government (General) Regulation 2005.

1.7 Other Government Policy Provisions:

The policy has been developed utilising the guidelines provided by the Department of Local Government (September 2006) and enhances provisions of the Council's Code of Conduct and the Independent Commission Against Corruption publication *No Excuse for Misuse*.

1.8 Approval Arrangements:

Approval for attendance at conferences, seminars and other meetings should generally be approved by Council resolution however, should this not be practicable, approval may be given by the Mayor and General Manager. Should attendance be proposed by the Mayor approval may be given by the Deputy Mayor and/or another Councillor.

Part 2 - PAYMENT OF EXPENSES

GENERAL PROVISIONS

2.1 Process of Reimbursement:

All claims for reimbursement of expenses must be made within two (2) months. Reimbursement will only be made where appropriate receipts and tax invoices are provided and a claim form completed and signed.

2.2 Payment in Advance:

Provision of a payment in advance may be requested by a councillor however such advance must be fully accounted for upon return and any unspent portion returned to Council.

2.3 Monetary Limits:

Monetary limits for "out of pocket" expenses will be paid only to a maximum of \$80 per day whilst in a metropolitan area (Newcastle /Sydney/Wollongong/Melbourne/Brisbane/other capital cities) and \$60 per day elsewhere.

2.4 Taxi, Bus and Rail Fares

Council will reimburse fares for reasonable travel while on council related business. Maximum fee that will be reimbursed is \$50 per trip and \$100 in any one day.
