### **Background to the project:**

A significant volume of traffic moves through the township of Coonamble, along the Castlereagh Highway. There is a zone where there is high pedestrian activity across the highway. Council has sought and been granted permission to reduce the speed limit to 40kph in this zone. The required works create and make this zone distinct and obvious to traffic and aim to create safer conditions for pedestrian movement.

### **Scope of Works:**

Suppliers quoting are responsible for the accuracy of all measurements and quantities of labour, materials, the supply of machinery and equipment and all other inputs for the completion of the project.

This project is described in the Design Drawings, Set Number 1466 (six pages), produced by the Tamworth Regional Council design office. The streets affected by this project activities are shown on the cover page

**Note:** The existing kerb and gutter is not subject to any changes or construction activities. The design geometry and the construction of these blisters are defined by the detail “Plan – Blister Geometry” which is within the Drawing Number 1466-004;
- New pavement and line marking shall be conducted as shown on the Drawing Number 1466-004.

**5. Castlereagh Hwy – near the local Council building:**

- Construction of the extension of the existing “blisters” on both sides of the Castlereagh Hwy, opposite the Coonamble Shire Council’s Chamber, as shown on Drawing Number 1466-006. The connecting details between the existing and designed blisters is shown on Section 1 within the same drawing. Note: A driveway shall be constructed across the newly constructed blister so that the access to the Telstra Depot gate remains unhindered.
