

ADOPTED POLICY ON LANE CLOSURES

The object of this policy is to standardise procedures for addressing requests for lane closures. The following procedures are proposed:

- Following receipt of a request for closure of a laneway Council will advertise, seeking comment from the public.
- If there is no viable reason why through-traffic should not be restricted, approval will be given for the installation of a gate at a suitable location within the lane at the expense of the person(s) making the application as listed in Council's Fees and Charges.
- The gate will be installed at the discretion of the Director of Engineering Services.

Submitted to Council: February 2009
Public Exhibition until 27 March 2009
Formally adopted: 8 April 2009 (Min No 7645)
